TECHNO CEILING PRODUCTS is the largest manufacturer of ceiling suspension systems in India & also the only one having an integrated T-Grid and ceiling tiles plant.

## WHY METAL FALSE CEILINGS

Specific benefits / advantages over other types of ceilings.

- Clean & classy looks.
- Sturdy and stable (does not get easily damaged in case of handling).
- Totally modular and relocatable.
- Cleanable & washable.
- Excellent acoustic properties in perforated panels (0.75 to 0.9 NRC).
- Cost effective comparable to mineral fiber false ceilings.
- 100% recyclable and has good disposal value.
- Prefinished on both sides & require no maintenance.
- Highly recommended for use in offices, hospitals, & public places for rich looks.

## WHY TECHNO

- 100% Manufactured in India with Indian raw materials.
- Integrated T Grid & metal ceiling tile plant - only one in India.
- State of the art manufacturing facilities.
- Immediate deliveries of wide range of products.
- Strictest quality norms under strict manufacturing standards maintained by our experienced manufacturing teams.
